Manuscripts of papers for publication in the Journal should be sent, in triplicate, directly to the Editor. Papers received by the Editor will be deemed property of the C.S.E.G., unless the release of the paper is granted in writing by the Editor.

Instructions for preparation of the manuscript may be found in "Instructions to Authors", *Geophysics* (Vol. 42, pages 209-211).

Short Notes and discussions of the papers published in the Journal are welcome.

Responsibilities for all statements and scientific opinions made in the papers lie with their authors. Only unpublished material should be submitted for publication. The authors are responsible for clearing their papers for publication in the C.S.E.G. Journal

from any Society or Journal which may have prior publication rights to the manuscripts.

Reprints can be supplied at cost if ordered prior to publication.

Subscription to the Journal are included in the membership dues. Non-members and organizations should direct their enquiries to the Secretary, C.S.E.G.

Advertisements are welcome. Rates may be obtained by writing to the Business Editor, C.S.E.G. Journal.

Previous issues of Journal are still available. For prices contact the editor.

Claims for non-receipt of Journal should be made within three months of publication.

CANADIAN SOCIETY
OF
EXPLORATION GEOPHYSICISTS

EXECUTIVE COMMITTEE
FOR YEAR ENDING FEBRUARY 1982

President:	Duncan Carswell
First Vice-President:	A.A. (Valerie) Thomas
Second Vice-President:	Neil Rutherford
Secretary:	Barry Korchinski
Treasurer:	Ian Baker
Business Manager:	Rick Toller
Journal Editor:	Graham F. Millington
Recorder Editor:	Gordon Bryant

PRESIDENT'S PAGE

The C.S.E.G. Journal has been in existence for several years now and the following is a list of thirteen Editors and the years in which they acted as foster parents for the publication:

1965 - 66	J. Swistek
1967	N. Rothenburg
1968 - 69	R.O. Lindseth
1970 - 71	J.C. den Boer
1972	K.A. Titchkosky
1973	R.B. Cruz
1974	A.E. Wren
1975	H. ab Iorwerth
1976	J.H.D. Walker
1977	K.A. Stewart
1978	A.P. Verma
1979	K.E. West
1980 -	G.F. Millington

During this time the format has undergone some dramatic changes and has been somewhat subjected to the personal taste of the Editor. There have been some crises: in 1973, the year of Rafael Cruz's custody, several committed papers were withdrawn at the eleventh hour and he and his assistant editor (A.E.W.) were

literally forced to "pull" papers out of their bottom drawer to avoid a nonissue. With the C.S.E.G. Convention well established, there should be a guaranteed source of papers, and the presence of review editors will guarantee the high quality of the publication.

The cost of publication has continued to rise and a special note of gratitude is in order to the numerous advertisers throughout the years. They, possibly more than they realize, have kept the C.S.E.G. Journal healthy.

Once again, let me remind the Membership of the words of F.E. Kottowski, the Editor of the Bulletin of the American Association of Petroleum Geologists in 1972: "The members read the journal, they write it and they pay for it. The membership is the source of articles. The buck does not stop with the President or the Editor; it stops with the membership who while reading and writing the journal should also criticize and praise it, since it reflects the accumulative state-of-the-art in the Society's professional field."

A. Easton Wren
